"Polite, Friendly & Tidy"

Thank you Hodgson Construction for our new roof. It was a breath of fresh air to work with such a professional company. The roofers were polite, friendly and extremely tidy, cleaning up after themselves at the end of each day. Communication was second to none with a WhatsApp group set up for everyone involved and lots of photos added to it at the end of each day to show what had been done. If you are looking to have roof work done then I can't recommend Hodgson Construction highly enough.

Reasonable Price, Amazing Job

Hodgson Construction was a pleasure to do business with from start to finish. We had a few roofing issues that needed fixing and they did an amazing job. Everyone we spoke to (whether by email, phone, or in person) was extremely polite & friendly. On the morning their team arrived, we needed to change the scope of the work at short notice and they were very accommodating. The price for the work was reasonable and we were very happy with everything.

Saul Liang ★★★★★

"Reliable Giving Peace of Mind"

Hodgson and Sons were recommended to me by my in-law, as they recently had work done by them. I needed a company that was reliable to give me peace of mind! The 2 gents that courteous and very hard working. Work was completed quite quickly (quicker than expected) and photos were taken for reference every step of the process. Everything was arranged with Charlie, who took care of everything. Highly recommend, so hire with peace of mind.

"I Can 100% Recommend"

Repair/reinstallation of roof tiles when the storm blew through. Hodgson were extremely responsive to my initial request and had a chap out to assess the damage swiftly with a quote soon after. The work was then booked in and the repairs took place very promptly and exactly as requested. All contacts involved (Sue, Sophia, Charlie) were very helpful, polite and a real be keeping them in my contacts list for future work.
